SHREE RAM INDUSTRIES

Total Engineering Solutions

About Us

We would like introduce ourselves as Supplier of precision engineering parts for more than **25 years** having CNC & VCM Machines and all type of conventional machine shop setup Situated in Makarpura Industrial Area (G.I.D.C.) of Vadodara, Gujarat, India.

We carry out all type of **PRECISION MACHINED COMPONENT, CUSTOM SHEET METAL WORKS & ASSEMBLIES** as per customer's design & Drawings. We provide complete engineering solutions from Process establishment, Manufacturing inspection and supply/trial to our customer to their at most satisfaction and committed time.

Our Speciality

We design Jig and Fixtures for requirement of your parts for accuracy & mass production.

We have complete production machine as well as manpower to maintain accuracy of product.

We take up parts of import substitute, Reverse engineering or technical up-gradation of existing parts.

We undertake complete projects with assembly to gear up your production. As per your requirement.

We have expert team of engineers with experience of 5 to 20 years.

We also deal with job work of the same items.

Our Work

Manufacturer of Precision machined Components.

Large Capacity of CNC Machining, VMC machining Turning, Drilling, Tapping, Shaping, Planning, Boring, Grinding, Cutting

On Job work Basis or With Materials.

Machining Job work with all kind of Raw Materials like, Brass, Aluminum, Teflon, Copper, MS, Steel, Casting

Products

General Engineering

Electrical Connector Parts

Bearing Industries

Auto Parts

Mining & Construction Equipments

Valve Components

Product for Power Industries

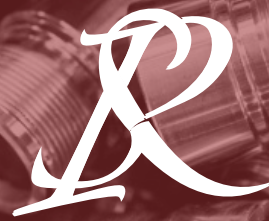

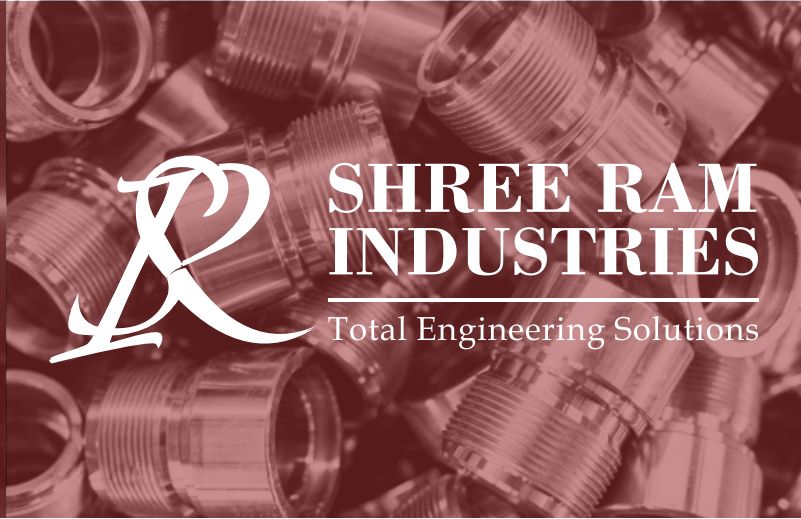

Product for Pumps

Motor Components

Components for Oil & Gas Industries

**SHREE RAM
INDUSTRIES**

Total Engineering Solutions

Our Services

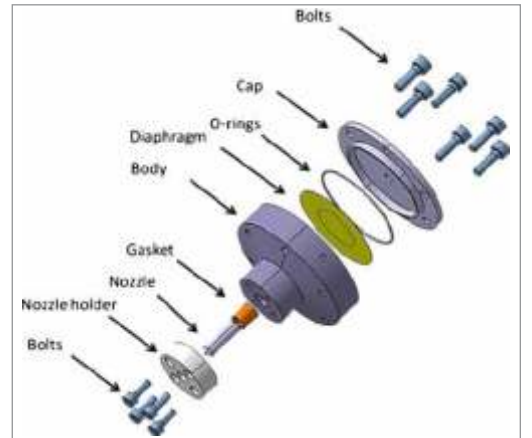

CNC & VMC Machining Services

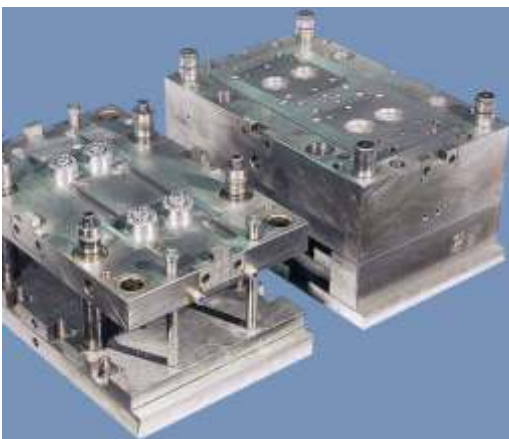

Precision Machining Services

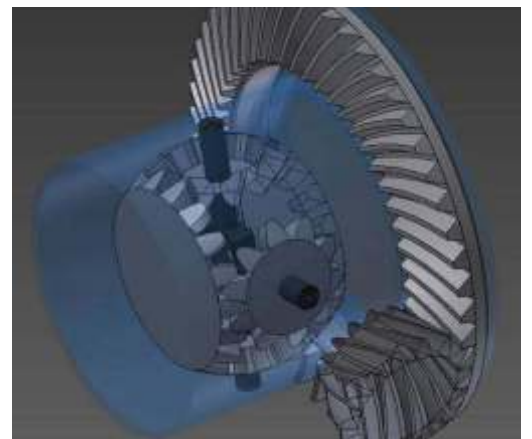

Custom Sheet Metal works

Parts Assembly

Custom Die & Mold Making Service

Component & Engineering Design Services

Our Machines

NO.	TYPES OF MACHINE	QTY	MACHINE SIZE
1	TURNING CENTRE(CNC)	10	ø4mm - ø550 mm, 800mm- 2000mm Length
2	VMC	4	X850,Y450,Z500 & X1020,Y610,Z620
3	CNC ROTARY TABLE	3	URX-250
4	HYDRAULIC PRESS MACHINE	2	50 TON & 200 TON
5	SURFACE GRINDER	1	1500 X 600 mm
6	LATH MACHINE	6	4.5 FEET – 18.00 FEET
7	MILLING MACHINE	1	850*650 TRAVEL
8	TRAUB MACHINE	3	PMT make
9	DRILL & TAPPING	5	0.5 & 1 INCH
10	BANDSAW MACHINE	2	6 Inch
11	STRAIGHTENING MACHINE (FACO AUTOMATION)	1	
12	LASER MACHINE (DOLPHIN)	1	600 MM

Measuring Instruments

- Surface Plate
- Height Gauge
- Magnetic “V” Block set
- Comparators Stand
- Various type of Dial Indicator
- Vernier Caliper
- Micrometer
- Depth Gauge etc
